Terms of Reference for Open Government Partnership (OGP) Associate

Background
The Open Government Partnership (OGP) is a partnership between government leaders and Civil Society organizations. Since its founding in 2011, OGP has grown to 78 countries and 76 local jurisdictions that work alongside thousands of civil society organizations. Every two years, each member submits an action plan co-created with civil society that outlines concrete commitments to enhance transparency, accountability and public participation in government. Under the leadership of President Kikwete, Tanzania joined the OGP in September 2011. The country withdrew from the Partnership in August 2017.
